

BGlobal Experience: *Business as Mission in China*

by Breann Abraham, Mid-America Nazarene University

What is Bglobal?

Bglobal Study experiences allow graduate students to learn from business, social, education and religious leaders who are serving where God has called them to serve.

Prepare to be a global influence by:

- *Seeing what's transforming societies*
- *Building your Cultural Intelligence (CQ)*
- *Discovering your life calling*

Each journey takes students through the SSEE Transformation Framework. Social, Spiritual, Economic, and Educational issues are seen through various cultural filters.

What is Business as Mission?

- An intentional approach to bring Christ into our work lives
- Simply put, be a minister wherever you are planted
- Did you know?
 - More than 75% of the characters in the Bible were working people who did ministry as part of their work
 - Work, in different forms, is mentioned over 800 times in the Bible

Guangzhou: Innovation Technology Factory

- Support system provided by the business owner
- Business Philosophy: Build The Business With Integrity and Run The Business with Credibility
- Member of C-TPAT- Customs Trade Partnership Against Terrorism

4 ASPECTS OF MINISTRY IN THE WORKPLACE
(by T.S. Wong, Jetta Manufacturing)

Crossroads Experience

- Non-profit organization connecting people in a world of need
- The proverb says, “I can’t understand a man unless I walk a mile in his shoes.”
- Participants don’t simply hear a talk or watch a video about a world in need. They step ‘into the shoes’, through simulation, of those who suffer.

After all this work, we had some fun too!
